## Cost II 2025-26

Institution: University of Colorado Colorado Springs (126580)

User ID: P1265806

### Overview

#### Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

#### Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

#### Changes to reporting:

- No changes for the 2025-26 data collection period.

#### Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Screen Entry	This value is expected to be within 25% of the prior year amount. Please correct your data or explain. (Error #11109) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	Last year's entry removed books, and moved them to the fees section. This year we've added the book program back into Books and Supplies to align with other Financial Aid reporting.			
Screen Entry	This value is expected to be within 30% of the prior year amount. Please correct your data or explain. (Error #11571)	Explanation	Yes	
Reason	Last year some personal expenses were erroneously in "Other expenses" rather than under "Food and housing". This year, data aligns with Common Data Set amounts.

Screen Entry	This value is expected to be within 30% of the prior year amount. Please correct your data or explain. (Error #11571)	Explanation	Yes	
Reason	Last year we include more expenses other than necessary personal expenses			
Screen Entry	The food and housing for students living off-campus (with family) should be lower than food and housing for students living on campus. Please correct your data or provide an explanation. (Error #11563)	Explanation	Yes	
Reason	Our students are dynamic and non-traditional students, and they often are parents and need to support the whole family.			
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	Our students are dynamic and non-traditional students, and they often are parents and need to support the whole family.			
Screen Entry	Food and housing for students living off-campus (with family) is expected to be substantially lower than food and housing for students living off campus not with family. Please correct your data or provide an appropriate explanation. (Error #11567)	Explanation	Yes

<b>Screen: Section 2 - Financial Aid Data: Part D - full-time, first-time degree/certificate-seeking undergraduate students Awarded Title IV Aid</b>				
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	0-30k group averaged slightly less grand & scholarship aid than the 30-48k group, but still averaged more than the 48-75k group. This is confirmed in the data.			
Screen Entry	The total amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 3,675,534 and 6,125,888 based on the prior year value. Please correct your data or explain. (Error #7332) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	Total grant & scholarship aid to the reported group has increased slightly and lies just outside the state expected range. This is confirmed in the data.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	The average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution is somewhat dependent on the academic plan for the student (some programs are more expensive than others, and the grant/scholarship aid provided may vary based on the actual cost of attendance for the student). Those other factors that influence the aid provided to the student are reflected in the calculated average provided here and cause the appearance that students at a particular income level may be more/less than the other levels. The institution's goal with aid awards is to reduce the cost of attendance for the student.
